Title of Project __________________________________________________________

Student Investigator Name ________________________________________________

Faculty Supervisor ______________________________ Date ____________________

Units Requested _____ Student ID # __________________ Phone # ______________

Email Address ____________________________________________________________

1. What is the nature and source of the Project? Is the Project expository or original research?

2. Why is this Project worth studying? (What is the purpose/goal of this Project? Why should anyone care about this investigation? How does this work fit into the Big Picture?)
3. What are the principal tools and methods to be used in the study? Does (do) the student(s) have the requisite background to carry out the study? If not, how will the students(s) acquire this background?

4. What type of results or conclusions do the investigator(s) expect to find?

5. If more than one student is involved, outline who is responsible for what.

6. What is the anticipated date of Project completion?
