**CR/NCR Grading**
Most Mathematics classes allow CR/NCR grading, but many majors including Mathematics do not count CR/NCR grades towards the major. Mathematics majors should not take their Mathematics classes CR/NCR. All other majors should check with their academic advisors before deciding to take a Mathematics class CR/NCR.

If--after checking with your advisor--you want to apply for CR/NCR grading, you must log onto the web site [www.sfsu.edu/student](http://www.sfsu.edu/student) and sign up for CR/NCR grading before the **October 23** deadline. Your instructor will not pass out a CR/NCR sheet in class.

**Incompletes**
The Incomplete grade ( I ) is assigned only to students doing satisfactory work until the last few weeks of a course, when events beyond the students’ control prevented them from completing the course. If this happens to you, discuss with your instructor the possibility of taking an Incomplete rather than withdrawing from a class that you cannot finish.

**Late and Retroactive Withdrawals**
Petitions for withdrawal from a class after the **November 17** deadline, either before the end of the semester (late withdrawal) or after the semester ends (retroactive withdrawal) must be justified by events that occurred after the deadline. In general, only petitions for withdrawal from all courses will be approved. Late withdrawal from your math course alone is usually not approved.

**Students with Disabilities**
Students with disabilities needing reasonable accommodations are encouraged to contact their instructor. The Disability Programs and Resource Center (Student Services Building, Room 110, (415) 338-1041, drc@sfsu.edu) is available to facilitate the reasonable accommodations process.

**Religious Holidays**
Reasonable accommodations will be made for you to observe religious holidays when such observances require you to be absent from class activities. It is your responsibility to inform the instructor during the first two weeks of class, in writing, about such holidays.
