

James T. Smith

Research Papers

- 1985 [Group theoretic characterization of metric geometries of arbitrary dimension.](#) *Geometriæ Dedicata* 17: 287–296. [Review](#)
- 1985 [Point-hyperplane axioms for orthogonal geometries.](#) *Geometriæ Dedicata* 17: 279–286. [Review](#)
- 1975 [Group theoretic characterization of elliptic geometries of arbitrary dimension.](#) *Mathematische Nachrichten* 67: 265–272. [Review](#)
- 1973 [Metric geometries of arbitrary dimension.](#) *Geometriæ Dedicata* 2: 349–370. [Review](#)
- 1974 [Generalized metric geometries of arbitrary dimension.](#) *Geometriæ Dedicata* 2: 485–497. [Review](#)
- 1973 [Orthogonal geometries II.](#) *Geometriæ Dedicata* 1: 334–339. [Review](#)
- 1973 [Orthogonal geometries I.](#) *Geometriæ Dedicata* 1: 221–235. [Review](#)
- 1972 [Haar integrals on topological rings.](#) *American Mathematical Monthly* 79: 267–270. [Review](#)
