

MS Student Advising Plan Statistical Data Science

Name:	ID:
Date:	

The following is the recommendation of enrollment in your required major courses. This form is to be filed in student folder as a permanent record.

I understand that the following sequencing is the recommendation leading to my graduation, that some classes are ONLY offered one semester per year, and that some classes require prerequisites. There may, however, be some changes that occur in course offerings due to budget restraints; therefore, it is vital that majors see their advisor every semester to review the plan. Note: these courses include only Statistics major requirements. Students are responsible for being aware of all graduation requirements and deadlines.
